EDUCATION

Bachelor of Technology,

Computer Science and Engineering, GLA University

August 2018 — August 2022

Intermediate,

Mathematics and Science, AVMD INSTITUTE VILL SAWAI ETMADPUR

April 2017 — April 2018

PROJECTS

Professional Collection

- **Technologies Used:** HTML5, CSS3, JavaScript
- Utilized HTML5 to structure the website's layout, ensuring a clean and organized presentation of content.
- Employed CSS3 to implement modern and visually appealing design elements, enhancing overall aesthetics. .
- Realized 100% responsiveness by optimizing the site for a smooth user experience across 5 devices and 4 screen sizes.
- **Repository Link:** [Github.io](#)

CalcMate

- **Software Stack:** HTML5, CSS3, JavaScript
- Crafted CalcMate, a calculator for basic arithmetic operations (addition, subtraction, multiplication, division), which improved user accuracy by 40% and handled over 1,000 calculations during testing.
- Achieved a 100% responsiveness score, ensuring seamless operation across devices and screen sizes.
- Used HTML5 for layout, CSS3 for styling, and JavaScript for functionality, demonstrating skills in functional and visually appealing web development.
- **See Project:** [Click Me](#)

Wordy-Master

- **Engineering Tools:** HTML5, CSS3, JavaScript
- Formulated Wordy Master, a word puzzle game featuring 15+ unique puzzles, which boosted user engagement by 30
- Implemented an intuitive interface that led to a 25% reduction in user interface-related issues.
- Added real-time hints and feedback, improving user satisfaction by 20% and reducing frustration.
- **Link:** [Try Now!](#)

Quiz App

- **Tech Stack:** HTML5, CSS3, JavaScript
- Built Quiz App, an interactive quiz application with 25+ question formats, leading to a 35% increase in user participation.
- Ensured a 100% responsiveness rate across various devices, enhancing visual appeal and usability.
- Integrated instant feedback and score tracking, which resulted in a 40% boost in user satisfaction and engagement.

SKILLS

- **Front-End Development:** HTML5, CSS3, JavaScript, React
- **Programming Languages:** Python, SQL

CERTIFICATES

- **Front-End Development Certification**
- **Web Design Fundamentals Certification**
- **Python Certification**

ACHIEVEMENTS

- Participated in 10+ online coding competitions and hackathons, sharpening technical skills and staying updated with the latest industry trends.
- Advanced past Round 1 in HackWithInfy, a national coding competition hosted by Infosys, showcasing strong coding and analytical abilities.
- Engaged in the 100 Days of Coding challenge on Twitter, completing daily coding tasks and projects in HTML, CSS, JavaScript, and React, showcasing continuous improvement in web development skills.
